**40 Years of Trust,
Innovation & Excellence!**

About **askon**

Manufacturing washroom hygiene accessories **Since 1985.**

Company was founded by **Dr. Shreyas Shah**, a medical practitioner, to cater to the hygiene requirements of clinics, hospitals, operation theatres.

Our products now find application in washrooms of all public places specially in the post covid era where hygiene is of paramount importance

Since its establishment in 1985, our company has been an industry leader in manufacturing high-quality hand dryers and washroom accessories. Our core strength lies in our ability to manufacture our products, allowing us to maintain strict quality control and ensure the excellence that our brand represents.

From day one, we have upheld a commitment to manufacturing top-tier products across our product portfolio. This dedication has been unwavering throughout our journey, underscoring our emphasis on quality and delivering exceptional customer service.

Over the span of three decades, our unyielding dedication and commitment have propelled us to the forefront of the industry. Today, we proudly stand as one of India's leading manufacturers and suppliers of washroom hygiene products

In a post-COVID world, clean public spaces are of paramount importance. Our adaptable products serve medical, commercial and hygiene needs across many sectors and industries.

Our legacy thrives on quality, excellence, and constantly innovating new products incorporating the latest technologies to meet the evolving customer demands.
